International Draft in U.S.Dollars – Cashier's Check – Money Order

Number _____ Amount \$ _____

Please make payable to MT FWP

PERSONAL OR COMPANY CHECKS NOT ACCEPTED

LICENSES issued through the mail may take two weeks from time of receipt to process.

Automated Licensing System – ALS

- Montana hunting, fishing and other recreational licenses are issued via an Automated Licensing System (ALS).
- Once you acquire a license through ALS, you will be assigned a lifetime “ALS number”. The ALS number is your birthdate plus a random number issued by the automated system. Your ALS number will be printed at the top of your license.
- ***If you do not have an ALS number you MUST provide your social security number.**
- Montana’s license year is March 1 through the end of February of the following year. Even though you may have a lifetime ALS number, EACH YEAR a person must purchase a conservation license to be authorized to purchase any fishing or hunting license.

HIP Survey

- Montana has joined all other states in collecting information from migratory bird hunters for the U.S. Fish & Wildlife Service. As a result, before obtaining a Migratory Bird License all migratory bird hunters in Montana are required to complete a survey card. The survey applies to the “previous year” hunting in Montana. The survey must be completed even if you did not hunt in Montana in the previous year OR if you did not harvest any birds.

Hunting Access Enhancement Fee

- The Montana Legislature created this fee to help maintain and enhance hunting access to public and private lands statewide through programs like Block Management and other special hunting access projects.
- This is an annual fee - \$10 for nonresidents - and will be charged at the time the hunter purchases his/her **first** hunting license including upland and migratory bird of the season.

Mailing List Information

- Montana Fish, Wildlife & Parks receives requests for mailing lists.
**Please note, even if you chose no, under state law the department is required to allow individuals who wish to compile their own mailing list access to department records including your name, address, gender, residency status, license type, district applied for and whether you were successful.
